

DISPLAY PROGRAM

One of the unique marketing advantages GBS Linens offers is our FREE display program. We offer you the opportunity to showcase our linens in your showroom at no rental cost to you!

Display Program Guidelines:

- We offer table linens for display for up to 2 (two) tables at a time.
- We offer one fabric/color of chair cover and sash for each table set up (a total of two chair covers are available for display at a time).
- The display period is one month from the date of delivery and may be extended for up to one additional month. If the display linens are not returned within the 60 day maximum display period, a replacement charge will be billed to your account for these linens.
- When your display order is due for pick up, we would be happy to replace your display with a new set of linens. Please contact your customer service representative to place your display order and we will deliver the new display at the time we pick up the current display.
- In the event you have a display for which GBS needs the pieces to fulfill a rental order, we reserve the right to contact you and schedule to pick up the linens prior to the expiration of the display period.
- Due to high demand for specific colors during specific seasons and/or a set inventory of certain products, there may be linens that are not available for display.
- During peak periods, we do not guarantee the delivery of displays.
- We will be happy to deliver your display along with your other orders for the day. Should you not have orders for delivery or pick up on the date, we will deliver your display on your next scheduled delivery or pick up date for rental, sale or laundry orders.
